

# JEFFERSON COUNTY SCHOOL DISTRICT FACILITY PLAN 2003

## A. Plan of School Organization

### 1. Current Plan – P-12, P-5, 6-8, 9-12, Special, Administrative/Support

## B. School Centers

### 1. Secondary

a.	Brown	Permanent P-12 Center	606	(shares campus with Ahrens)
b.	Atherton	Permanent 9-12 Center	1250	
c.	Ballard	Permanent 9-12 Center	1720	
d.	Butler	Permanent 9-12 Center	1630	
e.	Central	Permanent 9-12 Center	1400	(includes Central stadium)
f.	Doss	Permanent 9-12 Center	1600	
g.	Eastern	Permanent 9-12 Center	1700	
h.	Fairdale	Permanent 9-12 Center	1600	
i.	Fairdale Tech	Permanent Center	350	
j.	Fern Creek	Permanent 9-12 Center	1575	
k.	Iroquois	Permanent 9-12 Center	1450	
l.	Jeffersontown	Permanent 9-12 Center	1600	
m.	Male Traditional	Permanent 9-12 Center	1634	
n.	Manual	Permanent 9-12 Center	1780	(includes Manual stadium)
o.	Moore Traditional	Permanent 9-12 Center	1600	(shares campus with Moore Middle)
p.	Pleasure Ridge Park	Permanent 9-12 Center	1800	
q.	Pleasure Ridge Park Tech	Permanent Center	700	
r.	Seneca	Permanent 9-12 Center	1650	
s.	Shawnee	Permanent 9-12 Center	1400	
t.	Southern	Permanent 9-12 Center	1700	
u.	Valley Traditional	Permanent 9-12 Center	1600	
v.	Waggener Traditional	Permanent 9-12 Center	1300	
w.	Western	Permanent 9-12 Center	1300	

### 2. Middle

a.	Barret Traditional	Permanent 6-8 Center	675
b.	Carrithers	Permanent 6-8 Center	800
c.	Conway	Permanent 6-8 Center	850
d.	Creech	Permanent 6-8 Center	1010

o.	Moore Traditional	Permanent 6-8 Center	800	(shares campus with Moore High)
p.	Myers	Permanent 6-8 Center	1020	
q.	Newburg	Permanent 6-8 Center	1050	
r.	Noe	Permanent 6-8 Center	1300	
s.	Southern Leadership	Permanent 6-8 Center	1050	
t.	Stuart	Permanent 6-8 Center	1500	
u.	Thomas Jefferson	Permanent 6-8 Center	1373	
v.	Western	Permanent 6-8 Center	825	
w.	Westport	Permanent 6-8 Center	1300	

### 3. Elementary

a.	Atkinson	Permanent P-5 Center	755	
b.	Auburndale	Permanent P-5 Center	640	
c.	Audubon Traditional	Permanent P-5 Center	608	
d.	Bates	Permanent P-5 Center	490	
e.	Blake	Permanent P-5 Center	548	
f.	Bloom	Permanent P-5 Center	470	
g.	Blue Lick	Permanent P-5 Center	580	
h.	Bowen	Permanent P-5 Center	729	
i.	Brandeis	Permanent P-5 Center	545	
j.	Breckinridge/Franklin	Permanent P-5 Center	578	
k.	Byck	Permanent P-5 Center	583	
l.	Camp Taylor	Permanent P-5 Center	568	
m.	Cane Run	Permanent P-5 Center	574	
n.	Carter Traditional	Permanent P-5 Center	650	(shares campus with DuValle)
o.	Chancey	Permanent P-5 Center	650	
p.	Chenoweth	Permanent P-5 Center	664	
q.	Cochran	Permanent P-5 Center	514	
r.	Cochrane	Permanent P-5 Center	495	
s.	Coleridge-Taylor	Permanent P-5 Center	728	
t.	Coral Ridge	Permanent P-5 Center	562	
u.	Crums Lane	Permanent P-5 Center	550	
v.	Dixie	Permanent P-5 Center	468	
w.	Dunn	Permanent P-5 Center	603	
x.	Eisenhower	Permanent P-5 Center	551	
y.	Engelhard	Permanent P-5 Center	480	
z.	Fairdale	Permanent P-5 Center	669	
aa.	Fern Creek	Permanent P-5 Center	770	
bb.	Field	Permanent P-5 Center	426	

mm.	Hite	Permanent P-5 Center	512
nn.	Indian Trail	Permanent P-5 Center	537
oo.	Jacob	Permanent P-5 Center	675
pp.	Jeffersontown	Permanent P-5 Center	759
qq.	Johnsontown Road	Permanent P-5 Center	471
rr.	Kennedy	Permanent P-5 Center	565
ss.	Kenwood	Permanent P-5 Center	669
tt.	Kerrick	Permanent P-5 Center	540
uu.	King	Permanent P-5 Center	484
vv.	Klondike	Permanent P-5 Center	624
ww.	Laukhuf	Permanent P-5 Center	620
xx.	Layne	Permanent P-5 Center	490
yy.	Lincoln	Permanent P-5 Center	406
zz.	Lowe	Permanent P-5 Center	566
aaa.	Luhr	Permanent P-5 Center	524
bbb.	Maupin Traditional	Permanent P-5 Center	650
ccc.	McFerran	Permanent P-5 Center	1062
ddd.	Medora	Permanent P-5 Center	420
eee.	Middletown	Permanent P-5 Center	632
fff.	Mill Creek	Permanent P-5 Center	564
ggg.	Minors Lane	Permanent P-5 Center	600
hhh.	Norton	Permanent P-5 Center	750
iii.	Okolona	Permanent P-5 Center	501
jjj.	Portland	Permanent P-5 Center	472
kkk.	Price	Permanent P-5 Center	568
lll.	Rangeland	Permanent P-5 Center	520
mmm.	Roosevelt-Perry	Permanent P-5 Center	451
nnn.	Rutherford	Permanent P-5 Center	552
ooo.	Sanders	Permanent P-5 Center	490
ppp.	Schaffner Traditional	Permanent P-5 Center	600
qqq.	Semple	Permanent P-5 Center	629
rrr.	Shacklette	Permanent P-5 Center	708
sss.	Shelby	Transitional P-5 Center	440
ttt.	Shelby (new)	Permanent P-5 Center	650
uuu.	Slaughter	Permanent P-5 Center	454
vvv.	Smyrna	Permanent P-5 Center	631
www.	St. Matthews	Permanent P-5 Center	519
xxx.	Stonestreet	Permanent P-5 Center	578
yyy.	Taylor, Zachary	Permanent P-5 Center	680
zzz.	Trunnell	Permanent P-5 Center	661
zzz.	Tuller	Permanent P-5 Center	800

#### 4. Special Schools

a.	Ahrens	Permanent Center	640	(shares campus with Brown)
b.	Binet	Permanent Center	62	(shares campus with Seneca)
c.	Breckinridge Metro	Permanent Center	130	
d.	Buechel Metro	Permanent Center	236	
e.	Churchill Park	Permanent Center	191	
f.	Dawson Orman Ed Center	Permanent Center	355	(shares campus with Jefferson Co High)
g.	DuValle Education Center	Permanent Center	360	(shares campus with Carter Elem)
h.	Jaeger Education Center	Permanent Center	139	
i.	Jefferson Co High School	Permanent Center	2200	** see note below
j.	Kennedy Metro	Permanent Center	255	
k.	Liberty High	Permanent Center	338	
l.	Meyers, Sam Hall	Permanent Center	----	(shares campus with YPAS)
m.	South Park TAPP	Permanent Center	245	
n.	The Center at Riverport	Permanent Center	88	
o.	Waller-Williams Environ.	Permanent Center	124	
p.	Westport TAPP	Permanent Center	253	
q.	Youth Performing Arts	Permanent Center	----	(Program enrollment included in Manual High and Noe Middle School)

#### 5. Administrative/Support

a.	Blankenbaker Garage
b.	Blue Lick Compound
c.	C.B. Young, Jr. Service Center
d.	Cane Run Neighborhood Place
e.	Central Warehouse
f.	Farnsley House (historic)
g.	Farmington Warehouse
h.	Gheens Academy
i.	Hoke Compound
j.	*Jacob Annex
k.	Jeffersontown Compound
l.	Lam Building
m.	Lees Lane Compound
n.	Mill Creek Resource Center
o.	Moore Compound
p.	Nichols/Detrick Garage & Compound
q.	Nutrition Center
r.	South Central Neighborhood Place

## **C. Capital Construction Priorities**

### **1a. HVAC Replacement**

- a. Auburndale Elementary
- b. Ballard High
- c. Barret Traditional Middle
- d. Blake Elementary
- e. Blue Lick Elementary
- f. Bowen Elementary
- g. Breckinridge Metro
- h. C.B. Young, Jr. Service Center
- i. Camp Taylor Elementary
- j. Cane Run Elementary
- k. Chenoweth Elementary
- l. Churchill Park
- m. Coleridge-Taylor Elementary
- n. Conway Middle
- o. Coral Ridge Elementary
- p. Crosby Middle
- q. Dunn Elementary
- r. Eastern High
- s. Eisenhower Elementary
- t. Fairdale Elementary
- u. Fairdale Technical
- v. Fern Creek Elementary
- w. Field Elementary
- x. Gheens Academy
- y. Gutermuth Elementary
- z. Hartstern Elementary
- aa. Highland Middle
- bb. Iroquois High
- cc. Jacob Annex
- dd. Jaeger Education Center
- ee. Jeffersontown Elementary
- ff. Johnsontown Elementary
- gg. Kammerer Middle
- hh. King Elementary
- ii. Klondike Elementary
- jj. Knight Middle
- kk. Long Building

vv.	Moore Traditional High/Middle
ww.	Myers Middle
xx.	Noe Middle
yy.	Norton Elementary
zz.	Pleasure Ridge Park Tech
aaa.	Portland Elementary
bbb.	Price Elementary
ccc.	Shacklette Elementary
ddd.	Slaughter Elementary
eee.	Southern High
fff.	Southern Leadership Academy
ggg.	Tully Elementary
hhh.	Valley Traditional High
iii.	VanHoose Education Center
jjj.	Watterson Elementary
kkk.	Wheeler Elementary
lll.	Wilder Elementary
mmm.	Young Elementary

#### **1b. Roof Replacement**

a.	Atherton High (sections)
b.	Atkinson Elementary (sections)
c.	Blue Lick Elementary
d.	Bowen Elementary
e.	Butler Traditional High (sections)
f.	C.B. Young, Jr. Service Center (sections)
g.	Cane Run Elementary
h.	Churchill Park
i.	Eastern High (sections)
j.	Fairdale High (sections)
k.	Fairdale Technical
l.	Fern Creek High (sections)
m.	Goldsmith Elementary (sections)
n.	Hartstern Elementary (sections)
o.	Hawthorne Elementary
p.	Iroquois High (sections)
q.	Iroquois Middle (sections)
r.	Jacob Annex
s.	Kammerer Middle (sections)
t.	King Elementary

- ee. Southern High (sections)
- ff. Southern Middle (sections)
- gg. Stonestreet Elementary
- hh. Stuart Middle (shop & kitchen)
- ii. Thomas Jefferson Middle (sections)
- jj. Waggener Traditional High (sections)
- kk. Watson Lane Elementary
- ll. Watterson Elementary
- mm. Wellington Elementary
- nn. Westport Middle (sections)
- oo. Young Elementary
- pp. Youth Performing Arts (sections)

**1c. New Construction**

- a. Elementary Schools – 2
- b. Southeast Bus Compound
- c. VanHoose Annex Building

**1d. KETS Upgrades**

- a. Bowen Elementary
- b. Carrithers Middle
- c. Greathouse/Shryock Traditional Elementary
- d. Highland Middle
- e. Hite Elementary
- f. Kenwood Elementary
- g. Manual High
- h. Meyzeek Middle
- i. Schaffner Traditional Elementary
- j. Southern High

**2a. Building Additions**

- a. Auburndale Elementary  
Construct (1) media center
- b. Bates Elementary  
Construct (8) classrooms
- c. Binet School

- f. Bowen Elementary  
Construct (1) media center
- g. Cane Run Elementary  
Construct (1) media center
- h. Cochrane Elementary  
Construct (1) media center
- i. Coleridge Taylor Elementary  
Construct (1) media center
- j. Conway Middle  
Construct (4) classrooms
- k. Coral Ridge Elementary  
Construct (1) media center
- l. Crosby Middle  
Construct (4) classrooms
- m. Dunn Elementary  
Construct (1) media center
- n. Eisenhower Elementary  
Construct (1) media center
- o. Engelhard Elementary  
Construct (1) media center
- p. Farnsley Middle  
Construct (4) classrooms
- q. Field Elementary  
Construct (1) media center
- r. Frayser Elementary  
Construct (1) media center
- s. Goldsmith Elementary  
Construct (4) classrooms

- v. Hite Elementary  
Construct (4) classrooms
- w. Indian Trail Elementary  
Construct (2) classrooms
- x. Johnsontown Elementary  
Construct (1) media center
- y. Kammerer Middle  
Construct (4) classrooms
- z. Kennedy Elementary  
Construct (1) media center
- aa. King Elementary  
Construct (1) media center
- bb. Klondike Elementary  
Construct (1) media center
- cc. Laukhuf Elementary  
Construct (4) classrooms  
Construct (1) media center
- dd. Lowe Elementary  
Construct (1) media center
- ee. Luhr Elementary  
Construct (4) classrooms  
Construct (1) media center
- ff. Middletown Elementary  
Construct (1) media center
- gg. Mill Creek Elementary  
Construct (1) media center
- hh. Minors Lane Elementary  
Construct (1) media center

- ll. Roosevelt Perry Elementary  
Construct (1) media center
- mm. Rutherford Elementary  
Construct (1) media center
- nn. St. Matthews Elementary  
Construct (4) classrooms
- oo. Sanders Elementary  
Construct (4) classrooms  
Construct (1) media center
- pp. Schaffner Traditional Elementary  
Construct (1) media center
- qq. Seneca High  
Construct (1) classroom
- rr. Shacklette Elementary  
Construct (4) classrooms  
Construct (1) media center
- tt. Slaughter Elementary  
Construct (1) media center
- uu. Smyrna Elementary  
Construct (4) classrooms  
Construct (1) media center
- vv. Taylor, Zachary Elementary  
Construct (2) classrooms
- ww. Trunnell Elementary  
Construct (1) media center
- xx. Watterson Elementary  
Construct (2) classrooms
- yy. Wheeler Elementary  
Construct (4) classrooms

- ccc.      Young Elementary  
Construct (1) media center

**2b. Elevators**

- a.          Blake Elementary
- b.          Blue Lick Elementary
- c.          Breckinridge Metro
- d.          C.B. Young, Jr. Service Center
- e.          Cochrane Elementary
- f.          Crums Lane Elementary
- g.          Dixie Elementary
- h.          Eisenhower Elementary
- i.          Frayser Elementary
- j.          Hartstern Elementary
- k.          Jacob Annex
- l.          Johnstontown Road Elementary
- m.          Kennedy Elementary
- n.          Klondike Elementary
- o.          Lam Building
- p.          Layne Elementary
- q.          Lincoln Elementary
- r.          Minors Lane Elementary
- s.          Nichols Compound
- t.          Norton Elementary
- u.          Portland Elementary
- v.          Price Elementary
- w.          Rangeland Elementary
- x.          Roosevelt-Perry Elementary
- y.          Rutherford Elementary
- z.          Sam Meyers Hall
- aa.          Sanders Elementary
- bb.          Slaughter Elementary
- cc.          Smyrna Elementary
- dd.          Trunnell Elementary
- ee.          Watterson Elementary
- ff.          Wellington Elementary
- gg.          Wheatley Elementary
- hh.          Wheeler Elementary
- ii.          Wilt Elementary

- i. Luhr Elementary
- j. Meyzeek Middle
- k. Norton Elementary
- l. Pleasure Ridge Park High
- m. Rangeland Elementary
- n. Roosevelt-Perry Elementary
- o. Rutherford Elementary
- p. Semple Elementary
- q. Seneca High
- r. Shacklette Elementary
- s. Smyrna Elementary
- t. Thomas Jefferson Middle
- u. VanHoose Education Center

**4a. Renovation Non Classrooms (by school/administrative buildings)**

- a. Ahrens Education Center – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: windows, new lock system, ceilings and lights, painting, fire alarm system, flooring replacement, upgrade alley/recreation area.
- b. Atherton High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: stadium bleachers, building switchgear, replace roof sections, windows, painting.
- c. Atkinson Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: portable removal/interior renovation, replace roof sections, boiler replacement, carpet replacement, painting.

- e. Audubon Traditional Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: electrical service upgrade, boiler replacement, paving/sitework, painting, office renovation.
- f. Ballard High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lights in gym, ceilings and lights, HVAC renovation, flooring replacement, paving/sitework, masonry repair, ADA stadium upgrade, electrical service upgrade, painting, windows.
- g. Barret Traditional Middle– Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: window and door replacement, new steps, (waterproof foundation), replace roof sections, ceilings and lights (corridors and classrooms), HVAC renovation, paving/sitework, auditorium renovation, electrical service upgrade, painting.
- h. Bates Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (8) addition, windows, new lock system, flooring replacement, paving/sitework, painting.
- i. Binet – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: construction of a multi-purpose room

- k. Blankenbaker Garage – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: HVAC renovation, paving/sitework, security.
- l. Bloom Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: full renovation scheduled for 2004.
- m. Blue Lick Compound – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: septic system, security.
- n. Blue Lick Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, entire roof replacement, HVAC renovation (unit vents & FCU), elevator, media center, windows, flooring replacement, painting.
- o. Bowen Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, entire roof replacement, HVAC renovation, paving/sitework, media center, KETS upgrade, painting.
- p. Brandeis Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings,

- q. Breckinridge/Franklin Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: painting.
- r. Breckinridge Metro High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: ceiling and lights (corridors & classrooms), electrical service upgrade, windows/doors, HVAC renovation, replacement of HVAC plant/demo of existing plant, renovation, flooring replacement, elevator, fire alarm, roof cornice, painting.
- s. Brown – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: windows, new lock system, ceiling and lights, flooring replacement, fire alarm, painting, upgrade alley/recreation area.
- t. Buechel Metro High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: windows, ceilings and lights, flooring replacement, painting, paving/sitework, office renovation.
- u. Butler Traditional High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: windows, replace roof sections, stadium bleachers, paving/sitework (additional entrance/exit), painting, boiler replacement.

- w. Camp Taylor Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, structural repair, HVAC renovation, ceilings and lights, flooring replacement, painting.
- x. Cane Run Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: entire roof replacement, boiler replacement, portable (1) removal, flooring replacement, media center, paving/sitework, electrical service upgrade with generator, painting.
- y. Cane Run Neighborhood Place – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: paving/sitework.
- z. Carrithers Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: lockers (hallway), boiler replacement, fire alarm, paving/sitework, KETS upgrade, flooring replacement, painting.
- aa. Carter/DuValle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: painting, foundation drainage.
- bb. C.B. Young, Jr. Service Center – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and

- cc. Central High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: paving/sitework, swimming pool renovation, flooring replacement, fire alarm, elevator upgrade, painting.
- dd. Central Warehouse - Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: interior renovations.
- ee. Chancey Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: painting, parking.
- ff. Chenoweth Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, HVAC renovation, windows, flooring replacement, fire alarm, painting.
- gg. Churchill Park – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: entire roof replacement, HVAC renovation, construct attached physical plant, swimming pool renovation, paving/sitework, flooring replacement, fire alarm, ceilings and lights, painting.
- hh. Cochran Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings,

- ii. Cochrane Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, ceilings and lights, flooring replacement, media center, elevator, painting.
- jj. Coleridge-Taylor Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, HVAC renovation, windows, paving/sitework, media center, painting, electrical service upgrade.
- kk. Conway Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (4) addition, ceilings and lights, flooring replacement, HVAC renovation, paving/sitework, painting, windows.
- ll. Coral Ridge Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: media center, paving/sitework (sidewalks), remove partitions/permanent wall replacement, windows, ceilings and lights (corridors/classrooms) new lock system, HVAC renovation, painting.
- mm. Crosby Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: lockers (hallway), HVAC renovation, ceilings and lights, flooring replacement, windows, classroom (4) addition, painting.

- oo. Dawson Orman Education Center – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: painting.
- pp. Dixie Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, ceilings and lights (classrooms), windows, facade repair, elevator, painting.
- qq. Doss High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: ceilings and lights, flooring replacement, gym floor, fire alarm, stadium bleachers, stadium lights, lockers, painting.
- rr. Dunn Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (4) addition, new lock system, HVAC renovation, classroom flooring replacement (carpet), paving/sitework, windows, painting.
- ss. Eastern High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: flooring replacement (complete), roof section replacement, HVAC renovation, ceilings and lights, gym floor, stadium bleachers, masonry repair, paving/sitework, windows, painting.

- uu. Engelhard Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, media center, ceilings and lights (classrooms), paving/sitework, windows, flooring replacement, portable (3) removal, painting.
- vv. Fairdale Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, HVAC renovation, remove partitions/permanent wall replacement, windows, paving/sitework, painting.
- ww. Fairdale High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: replace roof sections, lockers (hallway), masonry repair, paving/sitework, stadium bleachers, painting, heavy construction pavilion.
- xx. Fairdale Technical – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: entire roof replacement, HVAC renovation, paving/sitework, painting, heavy construction pavilion (see Fairdale High School).
- yy. Farmington Warehouse - Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: paving/sitework, code upgrades.

- aaa. Farnsley Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (4) addition, painting.
- bbb. Fern Creek Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, paving/sitework, painting, HVAC renovation, sidewalks/curbs/ramps.
- ccc. Fern Creek Traditional High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: replace roof sections (football complex), large gym wing, windows, stadium bleachers, flooring replacement, gym floor replacement, masonry repair, paving/sitework, painting.
- ddd. Field Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, HVAC renovation, media center/classroom conversion, kitchen/cafeteria renovation, structural repair, paving/sitework, windows.
- eee. Foster Traditional Academy – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: painting.

fff

Fern Creek Elementary – Additional renovation and modification to include, but not be

- ggg. Frost Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: paving/sitework, flooring replacement, windows, painting.
- hhh. Gheens Academy – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: HVAC renovation, flooring replacement, painting.
- iii. Gilmore Lane Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: windows, boiler replacement, flooring replacement, painting.
- jjj. Goldsmith Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (4) addition, roof section replacement, new lock system, portable (2) removal, painting.
- kkk. Greathouse/Shryock Traditional Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: windows, new lock system, KETS upgrade, flooring replacement, paving/sitework, painting.

lll. Greenwood Elementary – Additional renovation and modification to include, but not be

- mmm. Gutermuth Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: lights (corridors and classrooms), new lock system, HVAC renovation, masonry repair, windows, paving/sitework, painting.
- nnn. Hartstern Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (4) addition, new lock system, roof section replacement, HVAC renovation, ceilings and lights, paving/sitework, media center, elevator, windows, painting.
- ooo. Hawthorne Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: ceilings and lights, entire roof replacement, windows, flooring replacement, painting, paving/sitework.
- ppp. Hazelwood Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: masonry repair, paving/sitework, auditorium upgrade, drainage, flooring replacement, windows, painting.
- qqq. Highland Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: ceilings and lights (corridors and classrooms), windows/doors, HVAC renovation, KETS upgrade, flooring replacement, portable (2) removal, renovate locker room to four classrooms, structural repair (boiler

- rrr. Hite Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (4) addition, flooring replacement (classrooms), windows, KETS upgrade, renovation of stage for classrooms, boiler replacement, remove sewage treatment facility, paving/sitework, office renovation, intercom system, painting.
- sss. Hoke Compound – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: paving, security, lighting.
- ttt. Indian Trail Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (2) addition, replacement of folding door in all-purpose room, new lock system, painting, windows, small scale internal space modifications.
- uuu. Iroquois High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: roof section replacement, HVAC renovation, gym bleachers, flooring replacement, lockers, stadium bleachers, interior doors/hardware, ceilings and lights, windows, painting.
- vvv. Iroquois Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: roof section replacement, flooring

- xxx. Jacob Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: portable (2) removal/modify building, painting, paving/sitework, roof caps.
- yyy. Jaeger Education Center – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: HVAC renovation, flooring replacement, paving/sitework, portable (1) removal, painting.
- zzz. Jefferson County Traditional Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: windows, auditorium renovation, masonry repairs, painting, paving/sitework.
- aaaa. Jefferson, Thomas Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: roof section replacement, indoor gym bleachers, paving/sitework, ceilings and lights, small scale floor replacement, portable (2) removal, building modification, painting.
- bbbb. Jeffersontown Compound – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: paving, security.

- dddd. Jeffersontown High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: flooring replacement/abatement (entire building), gym lights, lockers (hallway and small gym), case work replacement, ceilings and lights, stadium bleachers, windows, paving/sitework, painting.
- eeee. Johnson Traditional Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: gym lights, boiler replacement, exterior doors/hardware, flooring replacement, painting, paving/sitework, auditorium renovation.
- ffff. Johnsontown Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, flooring replacement, paving/sitework, elevator, HVAC renovation, media center, windows, painting.
- gggg. Kammerer Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (4) addition, roof section replacement, HVAC renovation, paving/sitework, painting, ceilings and lights, windows.
- hhhh. Kennedy Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, ceilings and lights (2<sup>nd</sup> floor), flooring replacement, elevator, media center, casework, paving/sitework, painting, windows.

- jjjj. Kenwood Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: windows, roof repainting, removal of “borrowed lights”, KETS upgrade, painting, paving/sitework, office renovation.
- kkkk. Kerrick Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: windows, flooring replacement, sitework/drainage, painting.
- llll. King Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: entire roof replacement, HVAC renovation, media center, painting, gym lights, windows, paving/sitework.
- mmmm. Klondike Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: entire roof replacement, ceilings and lights, HVAC renovation, office renovation, elevator, media center, paving/sitework, windows, painting.
- nnnn. Knight Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: lockers (hallway), ceilings and lights, HVAC renovation, flooring replacement, painting, windows, paving/sitework.

- pppp. Lassiter Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: lockers (hallway), HVAC renovation, flooring replacement, ceilings and lights, paving/sitework, windows, painting.
- qqqq. Laukhuf Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (4) addition, new lock system, HVAC renovation, media center, flooring replacement, paving/sitework, windows.
- rrrr. Layne Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, HVAC renovation, ceilings and lights, flooring replacement, office renovation, elevator, paving/sitework, windows, painting.
- ssss. Lees Lane Compound – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: security.
- tttt. Liberty High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: HVAC renovation, flooring replacement, paving/sitework, windows, ceilings (small scale), lockers (PE), painting.

uuuu. Lincoln Elementary – Additional renovation and modification to include, but not be

- vvvv. Lowe Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, HVAC renovation, media center/interior renovations, ceilings and lights, intercom system, paving/sitework, windows, flooring replacement, painting.
- www. Luhr Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (4) addition, upgrade electrical service, new lock system, HVAC renovation, media center, portable (2) removal, paving/sitework, windows, flooring replacement, ceilings and lights, painting.
- xxxx. Male Traditional High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: lockers (hallway), paving/sitework, remove chimney, painting.
- yyyy. Manual High - Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: roof section replacement, ceilings and lights (corridors, classrooms and PE gym), boiler replacement, KETS upgrade, boiler replacement (air handlers in gym), masonry repair, stadium renovation (lighting/locker rooms), painting, electrical service upgrade, tennis courts.
- zzzz. Maupin Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.

- bbbb. Medora Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: windows, paving/sitework, painting.
- cccc. Meyers, Sam Hall – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new entrances/exterior doors, elevator, HVAC renovation, code upgrades, ceilings and lights, restroom renovation, painting.
- dddd. Meyzeek Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: roof section replacement, KETS upgrade, portable (1) removal, paving/sitework, electrical panel upgrade, dimmer board, painting.
- eeee. Middletown Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: entire roof replacement, new lock system, HVAC renovation, flooring replacement, media center, painting, ceilings and lights, windows, paving/sitework.
- ffff. Mill Creek Elementary and Resource Center – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, lights (corridors and classrooms) media center, flooring replacement, paving/sitework, windows, painting.

gggg. Minors Lane Elementary – Additional renovation and modification to include, but not be

- hhhhh. Moore Compound – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: paving, security.
- iiii. Moore High/Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: roof section replacement, gym bleachers, sidewalks/curbs, flooring replacement/abatement (entire building), HVAC renovation, media center renovation, stadium bleachers, stadium lights, auditorium renovation, locker room renovation, windows, paving/sitework, painting, upgrade loading dock.
- jjjj. Myers Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (4) addition, new lock system, lockers (hallway), HVAC renovation, paving/sitework, painting.
- kkkk. Newburg Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (8) addition, painting, paving/sitework.
- llll. Nichols/Detrick Compound – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: paving, building addition, sitework, elevator.

- nnnnn. Norton Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, HVAC renovation, elevator, portable (2) removal, flooring replacement, paving/sitework, office renovation, windows.
- ooooo. Nutrition Center – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: no specific changes recommended.
- ppppp. Okolona Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, lights (cafeteria and gym), windows, interior partitions, hot water distribution (replumbing), painting, paving/sitework.
- qqqqq. Pleasure Ridge Park High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: replace urinals and commodes throughout entire building, new flush valves, sinks/faucets, portable (4) removal, windows, interior renovation, stadium bleachers, paving/sitework, painting.
- rrrrr. Pleasure Ridge Park Technical – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: entire roof replacement, HVAC renovation, paving/sitework, flooring replacement, windows, painting, interior renovation.

- ttttt. Price Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, HVAC renovation, elevator, media center, windows, paving/sitework, ceilings and lights, flooring replacement, painting.
- uuuuu. Rangeland Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: entire roof replacement, new lock system, windows, electrical switchgear upgrade, HVAC (boiler) replacement, portable (1) removal, elevator, upgrade emergency lighting, media center upgrade, stage renovation, flooring replacement, ceilings and lights.
- vvvvv. Roosevelt-Perry Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: cafeteria lights, windows, electrical switchgear upgrade, media center, portable (2) removal, paving/sitework, gym/cafeteria renovation, elevator, flooring replacement, ceilings and lights, painting.
- wwwww. Rutherford Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: portable (2) removal, elevator, media center, flooring replacement, paving/sitework, painting (gym).
- xxxxx. St. Matthews Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.

- yyyyy. Sanders Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (4) addition, new lock system, elevator, media center, windows, paving/sitework, painting.
- zzzzz. Schaffner Traditional Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: media center, KETS upgrade, paving/sitework, windows, painting.
- aaaaa. Semple Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: ceilings and lights (classrooms), portable (1) removal, paving/sitework, flooring replacement, gym floor, painting.
- bbbbb. Seneca High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: roof section replacement, portable (2) removal, stadium bleachers, classroom (1) addition and storage, flooring replacement, painting, (see Binet).
- cccccc. Shacklette Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: windows, new lock system, HVAC renovation, media center, classroom (4) addition, portable (4) removal, flooring replacement, paving/sitework, painting.

- eeeeee. Shelby Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new building scheduled for 2004, painting.
- ffffff. Slaughter Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: paving/sitework, new lock system, HVAC renovation, elevator, flooring replacement, windows, media center, office renovation, electrical service upgrade, ceilings and lights, painting.
- gggggg. Smyrna Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (4) addition, flooring replacement (entire building), windows, ceilings and lights, elevator, media center, paving/sitework, portable (1) removal, stage renovation, painting.
- hhhhhh. South Central Neighborhood Place – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: no specific changes recommended.
- iiiiii. South East Bus Compound – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: no specific changes recommended.
- jjjjjj. South Park TAPP – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors,

- kkkkkk. Southern High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: roof section replacement, lockers (hallway), windows, gym lights, upgrade electrical switchgear, HVAC renovation, flooring replacement, KETS upgrade, paving/sitework, stadium bleachers, gym bleachers, painting, intercom system.
- lllll. Southern Middle Leadership Academy – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: roof section replacement, HVAC renovation, ceilings and lights, flooring replacement, paving/sitework, gym floor, painting, renovate clock system.
- mmmmmm. Stonestreet Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: entire roof replacement, ceilings and lights, flooring replacement, office renovation, paving/sitework, painting.
- nnnnnn. Stuart Middle – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: roof replacement (shop and kitchen canopy), lockers (hallway), indoor gym bleachers, ceilings and lights, paving/sitework, flooring replacement, stadium bleachers, casework, gym lights, windows, painting.
- oooooo. Taylor, Zachary Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.

- qqqqqq. Trunnell Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, folding door replacement in all purpose room, flooring replacement (entire building), ceilings and lights paving/sitework, media center, elevator, windows, painting.
- rrrrrr. Tully Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: new lock system, HVAC renovation, convert pool to media center, paving/sitework, flooring replacement, windows, painting.
- ssssss. Valley Traditional High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: lights in gyms, HVAC renovation, windows, ceilings and lights, stadium bleachers, paving/sitework, gym bleachers, HVAC (gym), flooring replacement, painting, demo pool.
- tttttt. VanHoose Education Center and Annex – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: HVAC renovation, construction of new building for Jacob Annex, paving/sitework, painting, modifications to front doors for ADA accessibility.
- uuuuuu. Waggener Traditional High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.

- wwwww. Watson Lane Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: windows, new lock system, entire roof replacement (excluding playtorium), structural repairs, paving/sitework, flooring replacement, ceiling and lights, painting.
- xxxxxx. Watterson Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: classroom (2) addition, entire roof replacement, HVAC renovation, new lock system, media center upgrade, elevator, paving/sitework, windows, ceilings and lights, flooring replacement, painting.
- yyyyyy. Wellington Elementary – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: entire roof replacement, new lock system, elevator, media center, paving/sitework, flooring replacement, windows, ceilings and lights, painting.
- zzzzzz. Western High – Additional renovation and modification to include, but not be limited to, site work, exterior building envelope, interior walls, floors, and ceilings, (doors, hardware, finishes, etc.), structural modifications, infrastructure systems, (technology, HVAC, electrical, plumbing, security, fire alarm, controls, etc.), associated fixed equipment, and alterations required for various code compliance.  
Specific projects for this location to include: paving/sitework, flooring replacement, culinary arts renovation, stadium bleachers/pressbox, gym bleachers, stadium lights, painting.
